Juror: Dave Lyons: “My love affair with Photography began in High School when I had the opportunity to take a photo course as a shop requirement. Immediately I became excited about all the creative possibilities that were at my disposal and discovered the joy of photography, and my future. I managed to get my first part time job at the local camera store to fuel my growing interest and passion. As luck would have it, I was offered a temporary darkroom job at Newsday. I watched in the dark as negatives became beautiful pictures. I was smitten! A temporary job soon became a full time position and an eventual promotion to a Photo Editor. This opened my world to endless experiences. What began for me in a shop class was now my career! As a Photo Editor, I have covered events ranging from the Olympics, the World Series, Super Bowls and many other major events. Most recently, I led a team of photographers who witnessed history. I was privileged to see the extraordinary horse American Pharoah win the Triple Crown at Belmont.”

Mr. Lyons has exhibited with the Brookhaven Arts Council and won Second Place in their competition. He has published in Newsday, as well as with the National Hockey League, and has taught at Baldwin High School and Hofstra University.

“I could’ve been happier!”
